THE BELGIAN BILLIARD BALLS

The Aramith range of billiard balls have a long standing reputation proceeding them as a quality range of billard balls.

The phenolic surface of the Aramith balls, drastically reduces burn spots on both balls and cloth and lasts up to 5 times longer than other ball alternatives made from polymers or polyester.

Dont be fooled by cheaper imitations of the Aramith range, no other range of billiard balls offers the quality of Genuine Aramith Phenolic resin.
